Media	Animator 3D & Visual Effects Compositor	<p>* 3D Animators work with computer technology to digitally model and manipulate computer images. Your job is to make a flat image walk, talk, and bounce like a three-dimensional object. To do this you use computer programs that incorporate principles of physics to create the most life-like simulations possible.</p> <p>* VFX Compositors are responsible for constructing the final image by combining layers of previously created material. They need a thorough understanding of the CG process (Visual Effects) combined with relevant artistic skills.</p>	South Africa, Gauteng, Bryanston	04/01/2025,04/16/2025,05/14/2025,06/11/2025,07/23/2025,08/20/2025,09/17/2025,10/22/2025,05/02/2025	09h00	15h00
Media	Editor - Film/Television	Film and television editors are responsible for taking video footage and clips for a movie, documentary or television show and cropping, blending and syncing them together in order to produce a professional quality piece of work for the final copy.
